Experience

Lead Front End Developer - Chirey México

- I successfully **lead** the **development** of a new business website for Chirey Mexico, which exceeded all expectations. In its first two months, the site generated more than **1,250 vehicle sales**, significantly boosting the company's revenue.
- The website now attracts an impressive audience of **946.4K monthly visits** and has been ranked as one of the **12th** most visited pages in its category.
- This was my first frontend development leadership experience, and I used cutting-edge technologies, including HTML, CSS, JavaScript and Bootstrap, to create an exceptional online experience that exceeded user expectations and directly contributed to the company's success, all while working remotely.
